

Aviation Specialists Group

The Guide covers almost 70 jetliners, including regional jets, manufactured by Airbus, Boeing, Bombardier, Embraer, Fairchild-Dornier, Fokker and McDonnell Douglas, and for each includes such information as:

- ▶ Current Market and Base Values
- ▶ Future Values
- ▶ Manufacturer's list price for current production models
- ▶ Operating lease rental rates
- ▶ Fleet size, delivery schedules and order positions
- ▶ Number of operators and geographic distribution
- ▶ Types and numbers of engines in service
- ▶ Payload/range and fleet size/operator base charts

Over a hundred companies have used and continue to use **The Guide** since its initial publication in 1996, including banks, investors, financial and operating lessors, manufacturers, airlines, arrangers, government agencies, trading companies and remarketers. They continue to comment on its well-researched, realistic values, exceptionally user-friendly format, useful aircraft specifications/demographics data and color charts. **The Guide** is published semiannually and is priced at \$1,995 per year (plus S&H* of \$65 for domestic subscriptions and \$95 for international) in traditional book form or on CD-ROM in Adobe .pdf format. A subscription to the book *and* CD-ROM or book *and* emailed .pdf format is priced at \$2,495 (plus S&H*). It is also available via email in .pdf format only. If you wish to subscribe, simply fill out the bottom of this page and email, fax or mail it back to us. We regret that we cannot accept credit card payments.
